Hi Sharon,

Could you develop a spreadsheet that aggregates all of the site charging for the reports Doretha provided? No need to split out by site (they are all Tar Creek) or split out by pay period. It would be useful if you only split by total hours for each employee and by year.

What we will want to see is total hours over the ten year period (regardless of person), and per person in case folks want to see hours by position (e.g. RPM, OSC, enforcement). Don't worry about distinguishing positions. We can do that at a later time if need be.

I'm working from home today but will be in tomorrow.

Kevin
